

Updated House Colors – Walls & Fences

July 2024

HOUSE COLORS:

Please note that a few of the older colors have been updated to match current Sherwin Williams colors.

To view the updated color board or to get current color chips, please contact anyone on the Architecture Committee.

WALLS & FENCES:

Custom Home lots (15, 32, 33, 34) may paint their walls/fences the same color as the main structure or SW 7037: Balanced Beige

Corner Lot Houses (1, 16, 25 & 26) & Lots Along a Wash (5, 6, 19, 23) may paint their front and outer side wall/fence the same color as the main structure.

The Inside of Common Walls may be painted your house color. However, the top surface color will need to be decided by yourself and your neighbor. If you can't agree about a single top color, it must be painted SW 7037: Balanced Beige.

All back walls/fencing facing the golf course must be painted SW 7037: Balanced Beige. In addition, the sidewall of Lot 31 (which also faces the golf course) must be painted SW 7037: Balanced Beige. This has always been a Quail Hollow HOA requirement so the boundary of the course blends with the desert flora.
