

Guideline for Renters

Welcome to Quail Hollow! Please let us know if we can further assist you in any way by contacting the Quail Hollow Board Members listed below.

The following are rules and regulations that all members of our neighborhood must follow:

1. Parking during the day is only permitted on the east side of the street.
2. At night, all vehicles must be in parked in the driveway or in your garage with the door shut. Violators will be fined and repeat offenses will result in the vehicle being towed at the owner's expense.
3. Renters need to be aware of the garbage and recycling pickup on Wednesdays. Trash (green bin) and recycling (blue bin) need to be put out on the curb early Wednesday morning. The containers should not be placed along the street the night before. Javelina go through our neighborhood nightly and will knock over the containers looking for food. After pick up, the containers must be taken in that night and placed in a location which is not visible from the street.
4. All yards must be kept maintained (plants, gravel and trees) up to the neighborhood standard. This includes the areas between the road and the sidewalk in front or side of your home.
5. The contact person for gate issues and code(s) assignment is Adrienne Hughes. She may be reached by email at Adrienne@second-mesa.com or calling 520-624-3055.
